

THE BILGE PUMP

of the Queen City Yacht Club

JANUARY 2013

COMMODORE'S REPORT

JANUARY 2013

Greetings,

Happy New Year! December was an event-filled month, and there are plenty of members to be acknowledged for their work. First off, Captain Carol Soffel and her crew did a fantastic job of decorating the clubhouse for the holiday season. Appreciation and thanks to Captain Larry Dubia and his crew for setting up the tree. Our thanks to Captain Bill Field, chair, and right hand assistant Captain Chuck Gould, for the Special People's Holiday Cruise. Thanks also to Captains Diede Janel, Tim and Nadeane Rutledge and Ginger Marshall-St. Arnaud and Gary St. Arnaud for the coordination of bus assignments for transporting guests, along with Captain Karin McLean for coordinating the dock elves. Not to be overlooked are the Seafair Clowns, led by Captain Paul Grimm. The cruise was a huge success with lots of praises from Seafair officials and spectators, who expressed appreciation for Queen City's continued support to do this important event again this year. Good job, well done, Thank you!

Commodore Bob Stettner

At the QCYC WIC Luncheon on Dec 6, I personally received numerous compliments from our visiting WIC guests on how beautiful our decorated club looked, especially our warm and inviting fireplace blazing away during the WIC luncheon. I think it really set the mood and holiday spirit at the club. Tarette president Siste Lentgis and V/P, Vivian Johnson are to be congratulated for this year's successful luncheon along with a very informative program presented by Captain MaryLouise Alving. She showed

WIC luncheon guests many easy ways to decorate for the holidays using lots of bits and pieces from around the house and attic. She showed everything from easy to make bows, table decorations, fancy fresh green wreaths, mantel decorations and how to do planters the correct way so they don't weigh a ton after you finish - and much more. Most of the plants and greens she used can be taken from our yards. It was a very excellent program and perfectly timed. Well done, captains.

Bob Stettner, Commodore

VICE COMMODORE'S REPORT

Happy New Year! We had a wonderful holiday and hope you did as well.

In thinking back to December, we had a fantastic heartwarming turnout for our Seafair Special People's Holiday Cruise, with 108 special guests. Thank you, skippers, dock elves and helpers, Bill Field, Karin McLean, Chuck Gould & team, our special Santas and of course Paul Grimm and the famous Seafair Clowns. It was a fun, safe, well organized event you all made QCYC proud. Isn't it all about those special smiles & gifting a cruise memory that will last a lifetime?

The Chet Gibson Lighted Boat Parade was another well attended event and the weather was dry with little wind. Thanks to the teamwork of several members, including parade leaders, turn boat volunteers and the SPD Harbor Patrol escort through construction waters, we again demonstrated it takes a village to have a parade.

ACCOUNTABILITIES UPDATE:

DOCKS

Dock 1 Expansion:

The permitting for the Dock 1 extension is moving through review by city, state, and DNR agencies.

Dock Maintenance:

Safety reminder: as winter progresses docks become slippery: prevent falls with de-icer and slow deliberate steps with non-slip boots/shoes.

The working committee has been replacing draft stops under the docks as well as surface planking. We could use more help — no experience required. Thanks to Art Mauldin, Mitch Garton & Pat Dore for your expertise and leadership. Give Pat a call if you're interested.

Marina Fire Compliance:

You may have noticed a large shipping crate at the lobby entrance. It contains the 1st smoke ventilation unit. This is a 4ft×4ft×4ft skylight sent for our inspection and evaluation prior to contractor installation. The size of the vent is proportionate to the roof square footage ratio as determined by fire spread formulations. We will require 90 vents this year and 90 next year.

HOUSE

The House Committee reports that carpet seams continue to separate, causing a trip hazard. Please note duct tape across seams to increase safety until carpet is replaced next year. The bridge and AAC are working together to coordinate interior projects.

Ladies, you may have noticed the ceiling patch in the lobby lavatory due to a recent flooding on the 1st floor. Upon inspection of the copper pipes, significant system wide erosion in the hot water system has been identified, with 70% thinning in some areas. Leaks with water damage will increase over time. Re-piping the hot water system has been recommended to the bridge by the professionals. We will ask for three bids to do the plumbing and our House Committee will finish the drywall.

Finally, as 2013 is upon us, you will be reading this as January approaches with a much anticipated resumption of IPBA log racing season. Good luck, captains!

Remember January 25th – February 3rd, the Seattle Boat Show is coming. This is a major opportunity to highlight our premier yacht club to the greater Seattle boating community. Sign up for booth participation, feature our club and have a great time with other QCYC members. It's a hoot!

On January 11-13, we will be at Winslow hosting the Grand 14 Officer Winter Cruise-In when we roast the commodore and other porpoises as they continue in the final year of the chairs – it's crazy fun!

Whew! Laurean and I are really looking forward to Martini Madness at the end of the month. You take care out there!

—Bob Myers, Vice Commodore

Commodore and Clowns

REAR COMMODORE'S REPORT

The Christmas holidays are over and the New Year's celebrations are but a memory. That means it's Boat Show time! Membership Chairman Chris Benson has secured a prime spot for our Queen City Yacht Club booth at the Seattle Boat Show. He has planned all the displays but is missing an important ingredient to make the booth a success: members to crew the booth, promote the club and campaign for new members. Please plan to volunteer. The perks are priceless (free

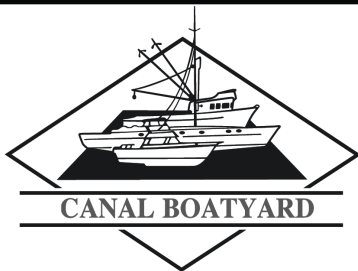

admission to the show). There are sign-up sheets everywhere.

I would like to welcome our newest members, sworn in on Wednesday, 12/12/12:

- ★ **Joe Sims.** His wife Lisa could not attend the meeting but we'll give her the oath of membership at the very first opportunity.
- ★ **Richard and Jeanne Firth.**
- ★ I am pleased to announce that **Bill Buller** has withdrawn his request for withdrawal. He submitted a formal request to the Board to withdraw his withdrawal and a unanimous vote was cast approving his request. Welcome back Bill!

As your Rear Commodore I am responsible for grounds, membership, security and reception. I take my responsibilities seriously and encourage all members to contact me with concerns, questions, suggestions and support. The McGrew crew is here for you.

—Dick McGrew,
Rear Commodore

REGATTA POWER REPORT

FIRST OF THE SEASON RACE, JAN 18, 19 & 20, 2013

The QCYC FOS race will be held on the weekend of January 18th thru 20th. It is a great opportunity to learn about or even try running in your boat. We will have classes for a refresher or for anyone new to the sport. (see below). We will also need observers, who will ride along on Saturday the 19th in a racer's boat and record the time of day about 7 or 8 times. It's an easy job and a good way to see how the sport is done. And you get a free lunch and dinner. Contact Bob Lindal to sign up for the classes or to be an observer.

PREDICTED LOG RACING CLASSES

We will again offer classes in January. The classes will start with the basics and proceed through the steps in laying out the race, calculations, currents, running the course and the use of the computer with demonstrations of Excel calculation programs and Coastal Explorer, Nobeltec (and other) charting programs. Weekend boat timing demonstration(s) will also be offered at a convenient time. You are also encouraged to sign up as an observer for the First of the Season race to see how a race is run

A Good Time Was Had By All

or sign up as a racer. Use the classes and skull session to plan your race. Meetings will be at 6:30 PM.

- ★ Thu Jan 3 – Layout, Tactics, Nobeltec & Coastal Explorer
- ★ Thu Jan 10 – Calculations, Currents
- ★ Tues Jan 15 – 7 PM– Skull session for the First of the Season Race – learn from the “pros”

All club members and friends are invited. Please join us. To inquire or SIGN UP call or email Bob Lindal at 206-892-1234 or bobl@lindal.com or P/C Jeff Ewell at 206-407-1717.

—Bob Lindal,
Regatta Power Chair

OUTSTATION REPORT

Unfortunately, even during the holiday season theft can be a problem! The Bainbridge Island Police were dismayed to find all three of the polished stainless steel 4-blade props (about \$500 each) missing from the police boat moored at our outstation dock. It's a felony to disable a police vehicle, and there is a \$1,000 reward offered for information related to the theft. (Not surprisingly, the police and we are fairly sure who rowed over in the middle of the night and pilfered them.)

Fortunately, the police had spare props and installed them immediately so they can respond to marine emergencies. And until locks are installed on the props, they have the police boat tied up a little closer to our boat. Police dog Edie now has a special job to keep an eye out for “bad guys” (not just Jess and Jimmy), as well as keeping the heron and otters off the docks and the ducks and geese off the lawn. She loves her jobs!

January will find the outstation busy, as past commodores from the Grand Fourteen find their way to Winslow on January 4-6. This is always a well-attended event, and the docks and parking

lot will be full. On January 11-13 the docks will be full again, as the current officers from the Grand Fourteen arrive for a weekend of fun. Members visiting by boat may find themselves rafting off another boat, so don't say you haven't been warned.

There are some plans in the works to improve the galley at the outstation. For those who have had the opportunity to wash dishes in the galley, you can understand why we want to make the sinks higher. There will also be some significant improvements in the cabinetry, and the plan is to accomplish all of this during the quiet months of February and March.

Happy New Year!

—Barb Wood

DOCKS COMMITTEE

Major winter work on the docks will be more limited this year. We've identified three locations on Dock 1 that need some significant rebuild work by our contractor. It's crucial that we stay ahead of the decay before it rises up ahead of us.

We're also arranging with our contractor to have their divers inspect a sampling of our underwater fastenings and structure. There are steel I-Beams, channel, chains, straps and more that tie together some of the piling and make the entire structure stable and upright. This substantial steelwork was installed mostly in 1997 as repairs to the significant damage done our marina in the great snows and freezing rains of around December 27, 1996. We're due to get the fastenings on all of this nearly invisible structure inspected.

Did you see the progress with our new safety ladders? They look terrific, though I've been thinking that safety elevators might be even better! There's been a great deal of

progress and Mitch Garton and Mike Cochran are to be thanked ever so much for that. So are the Tarettes, who have so generously and repeatedly shown their care and commitment to safety in our club. We are experimenting with several different non-skid concepts on the rungs of the ladders. We are aware that marine growth can render them slippery and risky.

Ray Huggins has taken on the project of making our water pipes even more resistant to damage from freezing. New members: we never turn off the water on these docks, and everyone should be aware that turning off the water during freezing weather is likely to freeze and destroy all of the plumbing. Please don't mess with the main valves! Instead, our water flows on a controlled basis the entire length of each dock. Water is released from control valves that maintain the temperature of the water above freezing. It's all automatic, except for cleaning and servicing and just checking that things are working when it does freeze. Don't be surprised by flowing water at the ends of the docks. That just means that temperatures have fallen to near freezing. Hoses left threaded on hose bibs in freezing weather add a lot of stress to this control system and end up consuming more water and adding risk of freeze-up. It's wintertime: please disconnect and drain your hoses. Ray is installing some redundancy in the system to give us extra protection from very expensive freeze damage to plumbing.

Planking work continues and the committee has begun discussion of some alternative decking systems that might one day be a practical alternative to wood planking. Thanks to Chuck Gould and the gang and to the occasional other members who put in a day sawing, carrying and driving screws for progress!

Work parties: breakfast and discussion at 8:30 AM the second Saturday of every month. Upcoming: Jan. 12, Feb. 9, March 9.

Committee Meetings: 6:00 PM the fourth Tuesday of the month. Upcoming: December meeting (Rescheduled from Christmas Day) Jan. 8, Jan 22, Feb. 26, March 26.

—Arthur Mauldin,
Docks Committee Chair

FLEET CAPTAIN'S REPORT

CHOWDER & CHEER CRUISE

The Chowder & Cheer mini-cruise & social event at Chinook's on Salmon Bay at Fisherman's Terminal was held on Sunday, December 16th. Based on member feedback, it was a big success. Even though it was a bit "moist" outside, we still had a great turnout. Thirty-four members arrived by land and by sea and "took over" the marina view lounge at Chinook's. Past Commodore Paul McTaggart provided entertainment for the group

as he masterfully docked the 65 foot LOA m/v COHO in what seemed like a 66 foot space in full view of the members. We watched in amazement as a steady procession of at least a dozen members emerged and joined us! Most people stuck to the "chowder" part of Chowder & Cheer but several members could not resist a hearty breakfast plate. The Seahawks put everyone in an even better mood by crushing the Bills while we watched and cheered. We want to thank everyone for coming out and sharing good food, good fun and good times with us!

ICE BREAKER CRUISE

The First Annual QCYC Ice Breaker Cruise to Poulsbo will be held – Friday – Sunday, January 11th-13th. An ad appeared in the London Times in 1913: "Men wanted for hazardous journey.

Small wages, bitter cold, long months of complete darkness, constant danger, safe return doubtful. Honour and recognition in case of success. Ernest Shackleton." 5,000 men applied, 27 were selected. This was the start of the Imperial Trans-Antarctic expedition led by Sir Ernest Shackleton. Their story of survival under brutal conditions is legendary. More importantly for QCYC, their accomplishment of one of the greatest feats of navigation in maritime history is the inspiration for what we hope will become an annual event for Queen City Yacht Club. We're calling this event the First Annual Ice Breaker Cruise to Poulsbo, The Norwegian town of Poulsbo is the perfect destination, because the whaling station on South Georgia Island was Norwegian too! The whaling station is where Shackleton and 5 of his men navigated to, covering over 800 nautical miles in an open,

20 foot boat in huge seas, frigid temperatures and high winds in what is considered the roughest ocean in the world. Your journey to Poulsbo, in honor of their accomplishments, will be far less harrowing I'm sure! We have a fun set of events planned for the weekend. A summary of the Shackleton story, a "no-excuses for not attending" commentary from Shackleton himself and the event itinerary are on three-sided table tents on the 2nd floor of the main station. There is also an abbreviated flyer linked online on the website home page under Ice Breaker Cruise. Please RSVP as soon as possible and if you're arriving by boat, be sure to mention QCYC to the marina staff when you make your reservation directly with them at 360-779-3505. If you have questions or would like to RSVP, please e-mail Fleet Captain Barry Rutten – barryrutten@comcast.net or call

Passing the class qualifies you for the Washington State Boater's Education Card!

given a tour of the Coast Guard Search & Rescue Operations Center (including the operation of the state-of-the-art Rescue 21 system) as well as a tour of the Coast Guard Museum. It's also possible that we may be able to arrange a tour of a Coast Guard ship, such as an ice-breaker or a high endurance cutter, but we'll need your RSVP so we can give a head count to the Coast Guard. Right now, the tour is limited to 25 people maximum. If we exceed 25 confirmed signups, we may be able to add another group. Please RSVP to Fleet Captain Barry Rutten @ barryrutten@comcast.net or cell phone 425-949-2815.

MARK YOUR CALENDARS – DAFFODIL MARINE FESTIVAL & PARADE (WITH SOUTH SOUND BONUS CRUISE!!)

It's not too early to mark your calendars for the annual Tacoma Yacht Club Daffodil Festival event. In 2013 it will be held the weekend of April 19, 20 & 21. We'll need lots of volunteers to decorate the QCYC parade contest entry boat, graciously provided again by Captains

Dave & Michele Bedner, our very own "prize magnets." Your Fleet Captain & Fleet Admiral are planning a South Sound "prequel" cruise during the week prior to Daffodil. More details to follow but we wanted to give you advance notice for planning purposes.

SUMMER CRUISE MEMBER SURVEY

Keep your eyes on your e-mail inbox in January for a short survey about the 2013 QCYC Fleet Captain Summer Cruise. We want to get your input early in the process as we begin to map out the summer cruise route, destinations and activities.

As always, your ideas, suggestions, feedback, participation and spirit of adventure are most welcome!

—Barry Rutten, Fleet Captain

HOUSE COMMITTEE

The burgee missing for many months from the front of the clubhouse along Boyer Avenue has been replaced with a new one. We are hoping this will stay intact in the future.

The House Committee meets every Tuesday at 9 AM. If you feel that something is not right, missing or broken, contact Deborah in the office or the House Committee.

—Jim Damrey,
House Committee Chair

SPECIAL COMMITTEE APPOINTMENT

Congratulations to Captain Laurean Myers on her acceptance as chair of the newly established Commodore's Special Committee to oversee our Clubhouse interior/exterior updating. Laurean will be requesting QCYC membership volunteers in the coming weeks.

Tarettes' Corner

What's coming up with the Tarettes?

There's nothing like the holidays to realize how lucky one is to be enveloped by family and warm friends near and far. It's a time to surrender to the many, many good-will festivities, as well as, a time to reinforce what we all wish for: Peace, Love and Joy.

With that in mind, Happy New Year! The Tarettes have just completed the second quarterly general meeting. Per our by-laws, our members present voted on several important issues which have been the focus of our open board meetings since September. The proposed Tarette Archival Committee is now permanent and our third year philanthropic donations to The

Treehouse and to the Bainbridge School Foundation have been approved and will remain intact until such time as our membership votes to change them. Many other long range issues continue to be aptly researched and considered, also.

Any QCYC member is always invited to attend our Tarette meetings. Our next will be an open board meeting on Wednesday, January 23, at 5:30, and yes, the club's dinner follows with the QCYC meeting at 7:30. We will be selecting a Nominating Committee for next year's Tarette bridge. Come share your ideas!

And, in February! Mark your calendars for Wednesday, February 27. The dinner before the QCYC General Meeting will

be a little different that night. The QCYC bridge and the Tarette bridge will come together to host a huge CRAB FEED at the clubhouse! We are talkin' more than you could eat pre-picked crab, with drawn butter, garlic bread, salads, your own crab bib (you'll need it!), and a sinful dessert, too. This outlandish event will be a fund raiser to benefit the reformation and new interior decoration of the clubhouse. What better way for the QCYC family to enjoy each other, than for the benefit of us all?! Let's do it! The crab is ordered and more details are to come, so, stay tuned.

My Best,
Sistee Lentgis, Tarette President
kathleenl@comcast.net

ATTENTION MOORAGE MEMBERS!

When your boat insurance renews it is your responsibility to provide the club with an updated Certificate of Insurance to remain in compliance with moorage rules.

QCYC connections corner

Dear QCYC Friends,

We want to personally invite ALL MEMBERS (new & experienced) to join us at QCYC for our calendar: soirees, socials, galas, cruise destinations and all sorts of member gatherings.

Your participation ensures:

- New friendships with other folks who boat
- Lower club & member costs because WE participate
- Great connections for cruising, meals & recipes
- Your club looks its very best. Many hands mean great results!
- Well-being, goodwill & new friendships with the many yacht clubs in our region
- Lower costs for your boating experience- moorage, fuel etc.

Please look over the opportunities and share your expertise. Friendships and great boating experiences are part of our QC culture as well as long term goals of our Club.

A NEW CONNECTIONS CORNER has been created to help you know the club needs and where you can share your energy and talents. Choices for your participation will be posted every quarter in *The Bilge Pump* as well as Connections sign up sheets on the QCYC office board 2nd floor. Give the event chair a call for the many ways to take part. See Winter Calendar below~

Thank you so much!
